

Resource Specialist Program

Youth and their family may have a hard time accessing and navigating the maze of public and private services. While there are resources in our community, the Resource Specialists are the connective tissue able to help coordinate them.

A Resource Specialist can assist by connecting you to:

- **Local and Regional Therapists**
- **Social Activities**
- **Academic Supports, Tutors and Mentors**
- **Basic/Life Needs – Housing, Food, Clothing, Internet**
- **Childcare Options**
- **Legal Resources**
- **Health Services and Medical**
- **Financial Resources**
- **COVID-19 Information**

The JJAB Resource Specialist program serves all youth, and their families, that live or attend school in Los Alamos County.
